Town and parish council update

Latest information for town and parish councils
in Lincolnshire

Welcome to the June issue of your Town and Parish Council Newsletter

This month find out about National Grid's pylon plans and get the latest on what's ahead for the 2026 food waste collections. We're also inviting you to join our engagement and consultation activities—plus, explore updates on scam protection, Business Lincolnshire, and our exciting tree planting project.

Have your say on National Grid's pylon plans and “make them listen to Lincolnshire”

National Grid has launched a **second round of consultation on their proposed Grimsby to Walpole pylon route**, and an initial consultation on another route through the south of Lincolnshire from **Weston Marsh in South Holland to East Leicestershire**.

The proposed Grimsby to Walpole route would see hundreds of pylons and overhead cables running 87 miles across the east of Lincolnshire, between the Lincolnshire Wolds national landscape and the natural coast and then on to Walpole, just over the border in Norfolk. The plans also include up to six new substations along the route.

The second pylon route would run 37 miles from Weston Marsh, just outside Spalding, to just north of Melton Mowbray in Leicestershire. Around 80 per cent of the proposed route falls within Lincolnshire, and includes two new substations.

The company are hosting public information events in Lincolnshire for these proposals at:

- Surfleet Village Hall on Thursday 26 June from 11am to 5pm
- Huttoft Village Hall on Friday 27 June from 1pm to 7pm
- Morton Village Hall on Saturday 28 June from 11am to 4pm
- Alford Corn Exchange on Saturday 28 June from 11am to 4pm
- Eastville, Midville, and New Leake Village Hall on Wednesday 2 July from 1pm to 7pm
- South Witham Village Hall on Friday 4 July from 1pm to 7pm
- Hubberts Bridge Community Centre on Tuesday 8 July from 1pm to 7pm
- Weston Village Hall on Thursday 10 July from 1pm to 7pm

Both consultations are running from 11 June until 6 August 2025. They are available to view on the National Grid website:

Weekly food waste collections coming in 2026

We are working with district and borough councils through the Lincolnshire Waste Partnership to roll out food waste collections in phases from March 2026. Households will receive two lockable caddies: a 5-litre indoor and a 23-litre outdoor version, designed to save space, minimise odours and keep pests at bay.

Food waste will be collected weekly using dedicated vehicles and, instead of being taken to the Energy from Waste plant, will instead be taken to an anaerobic digestion facility, where it will be turned into biogas and fertiliser.

Even if you compost, you can use your caddy for items like meat, dairy, tea bags, and plate scrapings.

To learn more, visit our [Lincolnshire County Council website](#).

Help us shape the future Children and Young People's Nursing (CYPN) Service

We are keen to hear your views to help shape the future of Lincolnshire's Children and Young People's Nursing (CYPN) service.

The CYPN service is part of Lincolnshire County Council's Children's 0 to 19 Health Service. This is a targeted public health service for Lincolnshire children and young people who are in school year 1 (aged 5 or 6) up to the age of 19 years (or 25 with special educational needs and disabilities (SEND)).

The CYPN service supports the delivery of the national 5-19 Healthy Child Programme, along with other services in Lincolnshire. Following updates to the national guidance for the programme, we are reviewing our CYPN service to ensure it's still supporting families effectively.

You can complete [the survey online](#) until 03 July 2025.

Protect the roof over your head

Last year more than 80 households reported criminal traders to Lincolnshire Trading Standards. On average over £3,300 was stolen through unnecessary, poor quality or uncompleted work on homes.

Criminals target our homes in order to exploit us for money – they may knock at our doors and tell us there is a problem on our roof that we can't see and offer to repair it quickly for us.

Legitimate builders do not call door to door and they would never expect you to pay upfront for their services.

Criminal traders are known to use trader recommendation platforms to exploit homeowners. They use fake reviews and images to create a sense of reliability.

It is important that our roofs are well maintained. If you are looking to have work done on your roof then you can get information here [Roof | Lincolnshire](#).

If you experience fraud, please report it to [Action Fraud](#) or call 0300 123 2040.

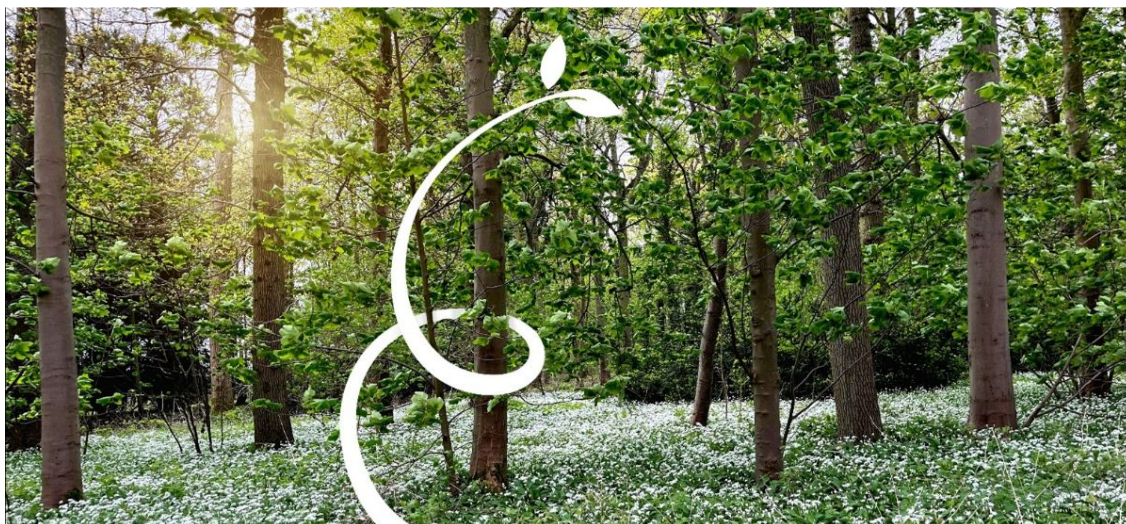

Supporting Businesses to Start, Grow and Succeed Across Greater Lincolnshire

Business Lincolnshire is the Growth Hub for Greater Lincolnshire - a fully funded service supporting local businesses to overcome challenges, explore opportunities and achieve their goals. From early-stage start-ups to long-established firms, Business Lincolnshire provides expert advice, access to specialist programmes, and a calendar of events designed to help businesses grow.

The service plays a key role in strengthening the local economy by helping businesses become more productive, digital, future-ready, and resilient. A team of experienced advisers work directly with

businesses to identify barriers to growth and connect them with the right support, whether that's guidance on funding, adopting new technology, developing skills, or expanding into new markets.

To see the full range of support available, please visit **[Business Lincolnshire](#)** and sign up to our newsletter to stay informed about new programmes, the latest business opportunities & upcoming events.

Tree planting project

LincWoods is Lincolnshire County Council's tree planting project. We are looking to work with landowners, farmers, businesses, parish councils, schools and communities of Lincolnshire to support the planting of new woodlands, orchards, hedgerows and individual trees.

We offer free help and advice on species, protection, management, funding and grant options available on a site-specific basis.

For new woodland and hedgerow planting, applications can be submitted via the County Council's **[tree planting grants webpage](#)**.

The deadline for all 2025 tree planting grant applications is 31 October 2025.
